#### NO CONFIRMATION FOR REPORT OF EVANS'S STAND

Marathon, Tex., May 22.—The report brought into Marathon last night by Captain H. L. Evans that troops of the Fourteenth cavalry had faced to reinforce Major Lankhorne's detachment, said to be threatened by Yaqui Indians south of the border, was still unconfirmed this morning.

Two troops of the Sixth cavalry withdrawn last week from General Pershing's forces, detrained here early today preparatory to marching to Hopiillas where they will be in a position to patrol the border and reinforce Colonel Sibley and Major Loughner, if necessary.

A report reached here today that Mexican snipers fired on two American soldiers basking in the Rio Grande near Deener's fort Friday, but failed to hit them.

Douglas, Ariz., May 22.—Further friction between General P. Elias Calles, military commander in Sonora, and Adolfo de la Huerta, civil governor recently appointed by General Carranza, is currently reported along the border.

The first chief is said to be upholding the civil governor against Calles. The first official act of Adolfo de la Huerta upon reaching Hermosillo, the state capital, was to announce that beer would be sold in Sonora. Since then a saloon has been opened at Naic and others are reported to have been opened elsewhere in the state.

General Calles always has enforced a policy of absolute prohibition and is reported to be against any change.

The civil governor, under instructions from General Carranza, has cordially invited to attend:

## Secure Jury in The Waite Case This Afternoon

Little Delay Experienced in Selecting Twelve Men to Try Dentist for Murder of His Father-in-Law.

(By Evening Herald-London Wire) London, May 22.—(UPI)—A jury to try Dr. Arthur Warren Waite for the murder of his father-in-law, John E. Peck, millionaire drug manufacturer of Grand Rapids, Mich., was convened this afternoon.

Four aldermen headed the throng of witnesses gathered in the criminal branch of the supreme court today for the trial of Dr. Arthur Warren Waite, the young dentist, sportsman and man about town, accused with murder in the first degree in poisoning his father-in-law, John A. Peck, a wealthy millionaire of Grand Rapids, Mich.

Waite occupied a seat between his attorneys, Walter R. Deuel and Joseph F. Crater. Mrs. Clara Louise Peck Waite, his wife, who it was announced, would be a witness against him, was not in court.

A crowd gathered but few persons connected with the case were admitted to the court room.

Mr. Deuel, interrogating witnesses, laid stress on whether consideration would be given to evidence calculated to show the prisoner was "not well mentally" at the time he administered germ cultures to his father-in-law.

Only thirty-six of the special panel of 200 citizens summoned were examined before the jury was completed. Ten of the jurors are married and two are single men.

Justice Shearn announced that they would not be kept in custody, but would be allowed to go to their homes.

## BRING UNION OF METHODISTS TWO YEARS EARLIER

General Conference Adopts Resolution to Adjourn Subject to Call of Bishops, Instead of for Four Years.

(By Evening Herald-London Wire) Atlantic City, N.J., May 22.—It was decided today that some of the delegates of the Presbyterian general assembly in session here are trying to prevent inter-debate on the plan of the convention over the alleged heterodoxy of the New York presbytery and have adjourned the meeting to discuss the matter.

There are several compromise measures before the committee, which proposes that a committee be appointed by the assembly to go to the New York presbytery and make arrangements for a conference and other branches of the Methodist church.

This will permit a meeting of the conference in 1918 at the same time the conference of the southern church is to be held in no change for safety sake. For the territory outside of Atlanta, Ga., the Presbyterians will vote 237 votes.

The task of completing a great amount of unfinished business faced the delegates to the Methodist general conference who today began the fourth week of the quadrennial session.
